

Grow ard Eight Little League

The Washington Nationals are committed to giving back to the community; including through their ongoing support of youth baseball and softball in Washington, DC. In an effort to help grow Ward Eight Little League, the Nationals will be discussing the resources and opportunities they have available to support community leaders and develop a thriving, youth sports community in Ward 8.

The three of us are very excited to “throw the first pitch” at the upcoming ACC meeting and are looking forward to the opportunity to making a presentation:

Gerard Hall (Ward Eight Little League)
Charlie Sperduto (Washington Nationals)
Luke Fichter (Washington Nationals)

We are available to attend community meetings throughout Ward 8!

Luke Fichter, Manager, Community Relations
